The European Solidarity Corps is a programme that ...

- ... brings together young people wanting to build a **more inclusive society** and support vulnerable persons
 - ... gives young people the opportunity to address **social and humanitarian challenges**
 - ... aims at improving young people's **skills and employability**.
-

Volunteering

Volunteering projects offer young people the opportunity to carry out an unpaid voluntary service to contribute to overcoming important societal challenges. Young people can participate in volunteering activities either individually or in a team.

+ Individual volunteering

Young people can contribute as individuals to the daily work of organisations active in the field of solidarity.

- + **Eligible participants:** The volunteers have to be aged between 18 and 30 years and be registered in the European Solidarity Corps Portal.
- + **Duration:** Activities may last between 2 and 12 months. Young people with fewer opportunities may also enroll for shorter voluntary periods, from 2 weeks to 2 months.

+ Volunteering teams

Volunteering teams are groups of young people who carry out their voluntary service together. They collectively commit themselves to causes, such as the restoration of cultural heritage, the care of endangered species, or educational activities in refugee camps.

- + **Eligible participants:** Volunteering teams are composed of 10 to 40 volunteers coming from at least 2 countries. They have to be aged between 18 and 30 years and be registered in the European Solidarity Corps Portal.
- + **Duration:** Activities may last from 2 weeks to 2 months.

+ Who can submit a grant application for a volunteering project?

Luxembourg-based host and support organisations holding a valid Quality Label for lead organisation, as well as a national accreditation (agrément national), can submit a project to the National Agency Anefore.

+ Who can participate in a volunteering project?

Cross-border individual volunteering projects are based on the partnership of at least 2 organisations from 2 countries (participating countries or partner countries). For in-country activities and team volunteering activities, at least one organisation holding a Quality Label is required.

Luxembourg-based host and support organisations holding a valid Quality Label as partner organisation or an Erasmus+ volunteering accreditation as well as a national accreditation (agrément national) can join the project of a lead organisation.

Volunteering Teams in high priority

Volunteering Teams in high priority areas are large-scale, high-impact projects focused on COVID-19 impact and recovery, particularly by supporting the health and social care systems with activities tackling prevention, promotion and support in the field of health.

- + **Eligible participants:** A project is made up of a minimum of 40 participants joining in teams of minimum 5 volunteers. Participants have to be aged between 18 and 30 years and registered in the European Solidarity Corps Portal.
- + **Duration:** These activities may last from 2 weeks to 2 months.

+ Who can submit a grant application for a Volunteering Team in high priority areas project?

Any organisation holding a valid Quality Label or an Erasmus+ volunteering accreditation can submit a project to the Education and Culture Executive Agency. Projects have to be based on the partnership of minimum 3 organisations from at least 2 programme countries. Luxembourg-based organisations need to have a national accreditation (agrément national).

What is a Quality Label?

The Quality Label is a quality certificate allowing organisations to participate in volunteering projects of the European Solidarity Corps. Organisations can apply for the host and/or the support role. In addition to these roles, those organisations, who wish to apply for grants, manage and coordinate volunteering projects will be required to obtain a Quality Label for lead organisation. Organisations, who do not hold a Quality Label for lead organisation may only act as partners in projects.

Solidarity projects

Solidarity projects allow groups of at least 5 young people, registered in the European Solidarity Corps, to organise and implement innovative projects in their own country and to engage with their local community. These projects must address key challenges in society and include a European dimension.

- + **Eligible participants:** Groups of 5 or more young people aged between 18 and 30 years, residing in Luxembourg and registered in the European Solidarity Corps Portal may submit a project.
